

## Harbour Village

Therapy Dogs International (TDI) Chapter 211 meets at Harbour Village in Greendale, WI twice a month. This special chapter was formed by Harbour Village's Maintenance Director, Bruce Meier, and his dog, Maggie. Bruce created TDI Chapter 211 so that he and other handlers and their dogs can provide therapy to the residents of Harbour Village.

"I wanted to help recently certified TDI handlers and dogs gain experience so I created TDI Chapter 211," said Bruce. "It's the best of both worlds! The TDI handlers and dogs get the experience they need and the residents have a lot of fun!" The dogs look forward to the visit; almost as much as the residents!
