

# DINING ROOM RENOVATION COMING SOON!!

We are excited to announce that we are bringing a renovation to the dining room of Liberty Heights! The images shown here are inspirational and represent the design aesthetic that we will be bringing into the communities. The designers use this inspiration to guide the new look and feel for the renovation.

Liberty Heights is located on the eastern foothills of the Rocky Mountains. Warm woods and earthy hues will keep the dining room interior grounded, while pops of gold will add a layer of sophistication. Layered textures and woven materials invite you to sit and enjoy a meal. The deep blue and green tones provide a nod to the natural surrounding beauty.
