

# INTERIOR RENOVATION COMING SOON!!

We are excited to announce that we are bringing a renovation to the Regal Estates of League City! The images shown here are inspirational and represent the design aesthetic that we will be bringing into the community. The designers use this inspiration to guide the new look and feel for the renovation.

League City is located on the south shores of Clear Lake. Warm woods and fresh neutrals lay the backdrop to pops of color throughout. Layered textures and woven materials invite you to sit and stay a while. Deep blue tones and nautical details provide a nod to the local harbor activity.
