

RENOVATION COMING SOON!!

We are excited to announce that we are bringing a renovation to Orchard Pointe! The community will be receiving new flooring, paint and furniture. The images shown here are inspirational and represent the aesthetic that we will be bringing to the community. The designers will use this inspiration to guide the overall design for the coming renovation.

Port Orchard and the Puget Sound sets the mood for the renovation: taking inspiration from the close-knit community, the sea and the Olympic Mountains, we are integrating organic shapes, natural materials and handcrafted finishes to create welcoming, cozy and vibrant community. Painted wood and brass accents pay a nod to the seafaring heritage of the community, while wood and chunky weaves reflect the natural environment. Layered together, these finishes combine to create a welcoming, cozy and warm spaces, inviting relaxation and connection.
