

RENOVATION COMING SOON!!

We are excited to announce that we are bringing a renovation to Wildflower Lodge! The community will be receiving new flooring, paint and furniture. The images shown here are inspirational and represent the aesthetic that we will be bringing to the community. The designers will use this inspiration to guide the overall design for the coming renovation.

Wildflower Lodge is nestled at the base of the Blue Mountains, in the beautiful Grande Ronde Valley. Inspired by the hardworking ranching community, the interiors include authentic materials like durable leather and softened denim, textural stone and natural grass weaves. Natural colors of the earth, sky and grasslands connect us to the environment, and metal details reflect the city's heritage. These layered materials invite folks to sit and stay, enjoy the view, spend time with friends and family, and relax.
