

INTERIOR RENOVATION COMING SOON!!

We are excited to announce that we are bringing a renovation to The Pointe at Kirby Gate! The images shown here are inspirational and represent the design aesthetic that we will be bringing into the community. The designers use this inspiration to guide the new look and feel for the renovation.

Deep wood tones and warm neutrals give a nod to the rich history of Memphis and balance with an overall lightness and brightness of design character. Pops of color and organic pattern reference the Tennessee landscape and offer a glimpse into what one may have seen on a train ride into the city. Subtle Art Deco detailing reference the architecture of the music and movie studios that made Memphis the vibrant city we love.
